

Shantanu Sirohi

Full Stack Developer

+91 7456978980

SUMMARY

Full Stack Developer with 2+ years building production web applications. Currently at EXL Services delivering .NET API development and platform migrations for enterprise systems. Experienced across Spring Boot, .NET, and React.js with a track record of shipping features end-to-end in Agile teams.

EXPERIENCE

Full Stack Developer — EXL Services, Noida, May 2024 – Present

- Migrated core survey APIs from .NET 6 to .NET 8, improving runtime performance and long-term maintainability of the platform
- Delivered 20+ user stories across Agile sprints, building new REST endpoints and refining existing response structures to align with evolving product requirements
- Contributed to architectural decisions on the Survey Replatforming project, working directly with cross-functional stakeholders to scope and ship features

React Developer — Abgyan Overseas, Noida, April 2023 – April 2024

- Built and maintained React.js front-end for the company website, improving responsiveness across device sizes
- Integrated front-end components with back-end services to ensure reliable data flow across the application

Intern — Teachnook August 2022 – November 2022

- Independently designed and developed two full web applications (Tourism and Weather), owning the complete UI/UX from scratch

KEY PROJECTS

- **ContactWise** — Contact Manager (Spring Boot, MySQL, Spring Security) Built a full-featured contact management app with CRUD operations, JWT-based authentication, and role-based access control.
- **Gourme** — Food Delivery API (Spring Boot, REST) Designed RESTful API with endpoints for user auth, menu management, order processing, and delivery tracking.
- **Groceries React App (React.js)** Single-page app consuming a live REST API for real-time grocery data — responsive UI with dynamic state management.
